

*It's not just a new
DA40 XLS - it's the
ULTIMATE DA40 XLS!*

Diamond DA40 XLS

Premier
EDITION

Since its introduction in 2000, the Diamond DA40 has earned its reputation as the best airplane in its class among discerning aircraft buyers worldwide.

With its sleek good looks, spectacular visibility, great performance and low total cost of ownership, choosing a DA40 XLS as your first airplane — or your next airplane — is easy.

To complement the long list of factory-installed features and options, some new aircraft buyers want additional customized options in the areas of system functionality, performance, comfort and aesthetics.

That's why Premier Aircraft Sales, Inc., Diamond's distributor for the Southeast U.S. introduced the Diamond DA40 XLS *Premier Edition*.

Introducing the Diamond DA40 XLS Premier Edition

The DA40 XLS *Premier Edition* offers DA40 XLS buyers the opportunity to create a truly exclusive and personal airplane. Its well thought-out set of system, performance, comfort and aesthetic refinements provide an added measure of functionality and exclusivity to customers who purchase this special edition.

The *Premier Edition* is now available to all Diamond DA40 XLS buyers exclusively from Premier Aircraft Sales.

WHERE INTEGRITY, EXPERIENCE AND VALUE TAKE FLIGHT

Diamond DA40 XLS *Premier Edition*

The *Premier Edition* includes distinctive exterior striping in a variety of standard color choices. You may also personalize the airplane with custom color combinations for an additional cost.

The Hartzell ASC II (Advanced Structural Composite) propeller is a durable, light weight, low-vibration propeller offering distinctive appearance and improved cruise performance.

The Lopresti PowerPulse™ flashing landing and taxi lights provide for enhanced day and nighttime visibility.

The *Premier Edition* features luxurious custom-contoured, all-leather, form-fitting memory foam upholstery with new color choices, piping accents and stitching patterns.

The Premier Comfort luxury carpet with new color choices is complemented by coordinating seat trim.

Diamond logos embossed in the headrests and an exclusive owner identification plate on the instrument panel will give your new DA40 XLS that special distinction that you will only get with the *Premier Edition*.

Premier PowerPlus Alternator

Get the peace of mind that only electrical system redundancy can give you by adding the optional Premier PowerPlus standby alternator system to the basic *Premier Edition* package. Fully automatic operation simply takes over when you experience a primary alternator failure.

To find out how you can order your new DA40 XLS *Premier Edition*, call us today at (954) 771-0411 or e-mail sales@flypas.com.

Premier CabinCool™ Air Conditioning System

With the basic *Premier Edition* your DA40 XLS will be the coolest looking DA40 XLS on the outside. And now it can be the coolest on the inside, too! Add Premier's optional exclusive CabinCool™ air conditioning system.

CabinCool™ is a vapor cycle system that delivers automotive-style cabin comfort with 55° F at the vent – plenty of cooling power to keep the DA40's cabin comfortable on the hottest days.

The system is an engine-driven, closed-loop vapor cycle system using environmentally friendly R-134 refrigerant. The compressor is engine-driven with a dedicated standard-type belt.

The condenser is belly mounted and has an auxiliary fan to assist cooling while on the ground. In flight the fan shuts down and ram air takes over. Once activated the digital thermostat automatically regulates temperature.

Installed weight of the air conditioning system is only 60 lbs. with minimal CG change. The efficient installation draws only 3 hp with a minimal impact on cruise speed.
